

THE BOOK OF THE BOARD

EFFECTIVE GOVERNANCE FOR NON-PROFIT ORGANISATIONS

The Book of the Board is Australia's standard reference book for board and committee members of non-profit organisations

Authored by David Fishel and currently in its third edition, The Book of the Board provides clear guidance on the role of the non-profit board, formal and legal responsibilities, and the ways in which the board can maximise its effectiveness for the organisation.

Whilst much is changing in the non-profit world, with rising expectations from government, a more competitive market, and an increasingly complex legislative and regulatory framework, several fundamentals remain the same - good governance is good governance. This is an indispensable resource for understanding how to do your best as a board member by understanding the intricacies of governance for non-profit organisations.

With significant contributions and opinion pieces from specialists on topics such as fundraising; improving board effectiveness; technology and governance; and impact investing, The Book of the Board will allow you to give more effective direction to achieve your organisation's vision, mission and values.

In-depth interviews from four of Australia's most experienced board members – David Gonski, Rupert Myer, Heather Watson and Simon McKeon – unpack important topics such as: strategic direction and planning; board and CEO relationships; effective meetings; complicity and risk; motivation; evaluation; and building a strong board.
